

The following is the short Collect as shown in your Handbook, written by Zoe Clements and set to music by Gene Kunkle, then president of SHERMAN OAKS BPWC. It truly is a collector's item and we know you will cherish it. It was presented to the California Federation at San Francisco at the 1958/59 Installation of Dorothy Ford. Since the original could not be reproduced, we are grateful to Grace Hagg of the EAST OAKLAND CLUB (Bay Valley District) for doing such a beautiful job of copying it for us.
